👤 PROFILE

I am Pawan Kumar Arya, from Gwalior and I'm currently pursuing B.Tech CSE at Shri Ram Institute of Information Technology in Banmore. My short-term objective is to acquire technical skills through peer learning and an open mind. I also want to use these talents to work toward my long-term goal of becoming a full-stack developer at a reputable company within the next year.

🎓 EDUCATION

07/2021 – present Banmore, India	B. Tech CSE Shri Ram Institute of Information Technology
07/2020 – 04/2021 Gwalior, India	12th Science Stream PCM Govt. Boys Higher Secondary School
07/2018 – 04/2019 Gwalior, India	10th with 70% Modern High School

📁 PROJECTS

Tic-Tac-Toe Game

The overlay in the tic-tac-toe game includes elements for displaying the winner and a restart button, allowing for a better user experience.

CSS properties like border-radius and padding can be used to adjust the shape and spacing of buttons, allowing for more control over the design of the game.

Java Script properties like Event Listener can be used for click start button, allowing for more control over the run game I apply the Event Delegation for click multiple grids and more

Weather API Project

I make this project by using HTML, CSS JavaScript. This project involves the development of a Weather Forecast Application, which allows users to access real-time weather data using a Weather API. The application aims to provide accurate weather forecasts, enhancing users' ability to plan their activities effectively.

Netflix Clone

The Netflix clone project is a web application developed using HTML, CSS, aiming to replicate the user interface and some features of the popular streaming service, Netflix. Let's break down the project into its key components and functionalities. This project is implemented using a combination of three fundamental web technologies:

🧠 SKILLS

- HTML
- Basic React
- DSA in Java
- Quick Learner
- CSS
- BootStrap
- Team Work
- Strong Analytical Skills
- JavaScript
- Basic Core Java
- Team Collaboration
